

Only 4 Your Love

Sophie

A message in the night
I have a dream in my mind
A lovely picture of you
Take another day full of fantasy
Don't forget the voice of love, my deep
Sensation

Magic potion
Full of passion
I can't find the words to say
You will be my love forever
Take all of my soul reactions

Only 4 your love
I remember only 4 your love
All my tension, my dimension
All the passion full of action

Only 4 your love
Save my prayer, only 4 your love
My desire, all my fire
All my passion full of action

Only 4 your love...

Nobody knows my cry
Nobody knows that I try to send a
Message 4 you
Walking on the sand in a rainy day
Don't forget my shout of love
My sweet emotion
