

## Same

Sophie

True love is all you need  
What can we do but try  
Nobody wants to give  
Their love and so  
They'll be alone forever

Nothing is real  
Nothing to feel for soul  
Always to change  
We are to blame, oh God

Happiness so hard to find  
We'll never win this game  
And tomorrow will be the same  
We'll never get to know  
We'll never to say  
And tomorrow will be the same

Now please don't hide away  
Only your heart can win  
I'll make you see the way  
Only with love  
You will live forever

Open your heart  
And tomorrow will not be the same
