

# Waiting For The Sun

Sophie

Wake up in the morning  
Think I have a precious dream  
Baby now I'll tell you  
All the things, and what you mean

I take the night  
I take my dreams deep inside  
Everynight I still remember  
All the feelings of my life

Now I'm waiting for the sun  
Knocking on heavens doors  
And waiting for your love  
Now I'm waiting for the sun  
Lie down on my sweet floor  
In the night  
Waiting for the sunshine light  
So fire

Looking for a message  
Looking for a lovely file  
Now alone and lazy  
Waiting for your special smile
