

Calm Before The Storm

Soraya

when i am with you
don't want the world to move
want to freeze it
maybe wrap it up and keep it
steady now, so i won't lose you
when i am with you
it's like colors keep shining through
from lighter to darker
then richer to weaker
they're blended till i'm all lost in you
with a sudden turn my insecurity burns
i'm thrown into this whirlwind of doubt
all the love that i now feel slips away from me
until
i am isolated without you
if this is the calm before the storm
i fear
the end is near
so i look behind the words you say
and try to find
your way out of here
what will be
your way out of here
what will be
your way out of here
when i am with you
sometimes i don't know what to do
would you believe me
if i were to tell you
that this craziness is all over you
with a sudden turn my insecurity burns
i'm thrown into this whirlwind of doubt
all the love that i now feel slips away from me
until
i am isolated without you
if this is the calm before the storm
i fear
the end is near
so i look behind the words you say
and try to find
your way out of here
if this is the calm before the storm
i fear
the end is near
so i look behind the words you say
and try to find
your way out of here
what will be your way out of here
