

## Cancer Sign Love

Sorry Boys

Even I can get you  
Even I can get  
I'm not afraid of you

Even I can get you  
Sure, I can get by  
Even If I met you

I've got you one  
I've got you  
I've got you one

Maybe I know your sign  
Maybe a cancer  
One day you will be mine

You are like war and crime  
That's why I hate you  
One day you will be mine

I've got you one  
I've got you  
I've got you one

Even if I don't have you now  
I've got to steal the thread of you  
Even if I don't have you now  
I've got to steal the blues
