

Hard Working Classes

Sorry Boys

Once upon a time we took some light
Once upon a time we were so young

Once upon a time my work was light
Once upon a time we were so young

In a vicious circle we're going around
We are going around
In a vicious circle we're going around
We are going around

We are lost
We are lost without traces
We are lost
We are lost without traces

I was working so hard
You were... You were working so hard
We were...

We let them
[Let stars shine]

In a vicious circle we're going around
We are going around
In a vicious circle we're going around
We are going around

We are lost
We are lost without traces
We are lost
We are lost without traces
