

# Draggin' Me Down

Soul Asylum

The bank keeps draggin' me down, gonna rip it from my heart  
Drown and shut out the sound, comedy's about to start  
World's been draggin' me down, prepare your inner child  
I keep draggin' me down, let me run before I walk

It's only water, it's only rain, it's only teardrops, it's only  
pain

But it's draggin' me down, draggin' me down, draggin' me down  
Stop draggin' me down, draggin' me down, draggin' me down

My mom's been draggin' me down  
Everytime I stop to think  
Mom you're pushing down, my hands are startin' to stink  
World's been draggin' me down, don't die I'm warnin' you  
I keep draggin' you down  
Can't even help myself

It's only water, it's only rain, it's only teardrops, only pain

World is draggin' me down, draggin' me down, draggin' me down  
Stop draggin' me down, draggin' me down, draggin' me down

Ahh, ahh, c'mon make me smile  
Hey, hey, I'll be- I'll be alright in a while  
Hey, hey, it's not like I have some special infection  
I just want that good 'ole-fashioned affection

One, two, draggin' me down, draggin' me down, draggin' me down  
Stop draggin' me down, draggin' me down, draggin' me down

It's only water, it's only rain, it's only teardrops, only pain

Stop draggin' me down, draggin' me down, draggin' me down  
Stop draggin' me down, draggin' me down, draggin' me down

Draggin' me down, draggin' me down, draggin' me down  
Draggin' me down, draggin' me down, draggin' me down  
Draggin' me down, draggin' me down, draggin' me down

Uuuhh
