

Losin' it

Soul Asylum

Go ahead, spit it out, I can take it
Don't do this don't do that, try and fake it
I, I, I have seen it all

Tell me there's something wrong, make me see it
How I try, I must be wrong, it must be me
I, I, I've been wrong before
And I confess, that I am having a hard time
And I confess, that your hard time's harder than mine

When it's over (when it's over)
I'm coming over
Use your shoulder
Soon be over

But I'm losin' it, losin' it, losin' it
Losin' it, losin' it, losin' it

Suck it up rip it out, still I'm learnin'
Light it up, put it out, keep it burnin'
I, I, I've been burned before
Come on out I know you can make me happy
Little smile just ahead, make it happen
I, I, I have smiled before
And I confess, that I am having a hard time
And I confess, that your hard time's harder than mine

When it's over (when it's over)
I'm coming over
Use your shoulder
Soon be over

But I'm losin' it, losin' it, losin' it
Losin' it, losin' it, losin' it
Losin' it, losin' it, losin' it

I am having a hard time
