## **Promises Broken**

Soul Asylum

 Street are filled with broken glass You get buried by the past Give me just a little taste Lay this mess to waste Take me home

My mind is racing take me home, my body's Aching so alone I'll make you want to stay With me befriended by the enemy One more time

R: Every little thing about you tells me nothing out There is ever gonna help me all these words that I hear spoken - just promises broken now

Looking outside from the window sill throw another Coin in the wishing well, you'll never find what Your looking for 15 miles Your dim light shines from so far away Your sad smile, is all I see when I say

2. From the hotel satellite Don't look like you're livin'right Here's a deal you can't refuse You ain't got as much to lose

Can you tell your troubles to someone Who won't laugh at you, It's alright. And as I watch you walk away hope A part of you will stay, it's alright
