

Sick of That Song

Soul Asylum

I'm sick of that song 'bout how you lost your lover
I'm sick of that song about how you hate your mother
I'm sick of that song about your useless solution

I'm sick of that song
I'm sick of that song

Ya, I'm sick of that song about how you look at life
And I'm sick of that song about how you treat your wife
I'm sick of that song about that sha-na-blah-blah

I'm sick- sick of that song
I'm sick of that song

I'm sick of that song about sex, drugs, and rock
I'm sick of that song about how you love your cock
Sick of that song about your bitching bad luck, and all those w
omen you fuck

I'm sick of that song
I'm sick of that song
I'm sick of that song
I'm sick of that song
