

Success Is Not So Sweet

Soul Asylum

Blood on the sidewalk
Washing down the drain
'round the crime scene
To hide behind the stain
Hide behind the pain

Blue-colored lady
Black eye behind her shades
It's funny how the players
They can't survive the game
I'll survive the game

R: Rulemaker
Dreamtaker
Numbers on a sheet
The execution
The grand delusion
Success is not so sweet

Damaged for the first time
Who knew it'd be you?
You could try to save me
And I'll try to save you
Try to save you

R:

Heartbreaker
Numbers on a sheet

The wild confusion
The strange delusion
Success is not so sweet
Success is not so sweet

You want a baby
I know you do
I'll be your baby
And I'll take care of you
I'll take care of you

R:

Dreamfaker
Pocket-shaker
The numbers on a sheet
The Executions
The institution
Success is not so sweet
G F x2
Success is not so sweet
