

## Lemon Lime

## Soul Coughing

But I have not seen it now or ever  
Women descending on escalators  
Coupled with this but also the same thing  
Dolled up and spat out  
So many dominations  
I remember what you tasted like  
A gumdrop  
Lemon lime  
And the numbers  
on the rotary dial  
Rewinding  
Cinnamon driver  
Big sexy jerk  
Down in the murk  
Of your mystery  
That's me, swimming  
Down in the water at the corner of your eye  
That's me, swimming
