

I Bury You

Soul Embraced

Death...It's on the tip of my tongue
Lies...Venomous in my words
Death...It's on the tip on my tongue
Lies...Waiting to hurt
All the pain you can stand I can give you
If words could kill a man, I'd bury you
Hate...Has taken over my heart and its
Lies...Spilling unto my soul and I cry
Trying not to hurt you but I do it anyway
