

Still as You

Soul Embraced

You the sons of darkness
He saved all the world
Mercy for you now
Mercy for you now
Don't regret you life
And have it judged by God
You're forgetting...

And don't you ever
Lose no more time
This time it's still as
You, no more time
This time it's still as you
There's mercy for you

I look to you
And soon I'll follow
To where the son awaits
In the promised land
Move into the light
And die within thee
Mercy for you now
Mercy for you now

The word will be on his life
There will be salvation
The word will be on his life
There will be salvation.
