

# Can't Tell You (acapella)

Soul For Real

I'll Wait Around All Day  
To See Your Face  
Vibe That I Get From You  
Takes Me To Another Place  
Where We Can Fly  
Like Everyones Dream Girl  
You Holding Me  
And Me Holding You

Cant You Tell Girl (Cant You Tell)  
I Love You(I Love You)  
Cant You Tell Girl(Cant You Tell)  
By The Little Things I Do(Ah)  
Oh Cant You Tell Baby That(Cant You Tell)  
We Were Meant To Be(Ah)  
Give Me A Chance And (Cant You Tell)  
I'll Always Love You Endlessly(Ah)

When We're Together All Alone  
Brings Something Out Of Me  
When I Look Into Your Eyes  
It Takes Me To Ecstasy  
Never Wanna Lose You  
Cause You're My Comfort And My Life  
Just Say Youll Stay With Me  
Cause Im The Only One Who Treats You Right

Hey, Lady, If The Rain Falls  
And For The Score It Is Our Day  
You Dont Ask Of What To Me  
Baby Dont Find A Word To Say  
And If You Feel You Need Some One  
I'll Always Be Here To Lift You Up  
At Times You Feel Most Dark  
I'll Be Your Sunny Day

Now You Say You Never Knew  
The Way I Always Will Reveal  
Of Everything That I Expressed To You  
You Can Never Say That Im Unreal  
If You Feel You Need Someone  
Who Can Be The Hero In Your Life  
Just Come Embrace With Me  
I'll Make A Never-Ending Paradise

Cant You Tell  
I Love You Baby  
Cant You Tell Girl  
By The Little Things I Do  
Cant You Tell Baby That  
We Were Meant To Be  
Give Me A Chance And  
I'll Always Love You Endlessly
