

Happiness

Soul II Soul

I'd like a world that's filled with happiness and sorrow
The way you're thinking means there's no days like tomorrow
Oh, oh
Togetherness, foreverness means nothing less than happiness
Togetherness, foreverness means nothing less than happiness
And that's the way it should be
Oh, living happily
I'd like a world that's filled with happiness and sorrow
The way you're thinking means there's no days like tomorrow
And that's the way it should be
Oh, living happily
Oooh, happily
As happy as we can be
And that's the way it should be
Oh, living happily
