

Life is the answer to all the questions
Take one at a time
'Cause there's far too many to mention
That's the way of life, come on now

Joy, it's a new sensation
New vibration, rocking the nation
Joy, it's a new sensation
New vibration, rocking the nation

It's time that we all joined hands
Living together as sisters and brothers
Learn to love one another
To survive in this life and live together

Let's get right down to action
Where we all can gain some satisfaction
That's the way I wanna live my life
Joining hands as we sing this together

Joy, it's a new sensation
New vibration, rocking the nation
Joy, it's a new sensation
New vibration, rocking the nation

It's been so long, I've waited my time
No more need to fuss or fight, I'll just enjoy my life
Whatever gives you the greatest pleasure
And joy, oh joy, oh joy
Whatever gives you the greatest pleasure and joy

Joy, it's a new sensation
New vibration, rocking the nation
Joy, it's a new sensation
New vibration, rocking the nation, joy

So much joy
Spread it around the world oh, oh, oh
So much joy

Joy, it's a new sensation
New vibration, rocking the nation
Joy, it's a new sensation
New vibration, rocking the nation

Joy, it's a new sensation
New vibration, rocking the nation
Joy, it's a new sensation
New vibration, rocking the nation

Joy, it's a new sensation
New vibration, rocking the nation
Joy, it's a new sensation
New vibration, rocking the nation
