Love Enuff

All the best is yours and more The world is knocking at your door First class Breaking through in all you do The leader of the fresh & new You're a genius From the bottom to the top You made yourself You never stop You're an a-plus You look too young to be alone You seem so sad And your smile is gone So I have to ask Hey, do you love enough baby? Oh, do you love enough baby? Hey, do you love enough baby? Oh, do you love enough baby? On your way to reach your dreams You had it rough you had it lean So tough, too tough You had faith you made your move You found your way into the groove To trust enough Did you ever ask yourself Is so much work good for your health? What do you deserve? You choose your road you're on your own Without a lover to call your own What's it really worth? Have you asked yourself lately Do I get enough lovin' in my life?

Could you be makin' a mistake here Maybe you better think twice Do you really want to be lonely Could you use a little company Have you ever asked yourself lately Do I get enough love for me?

Ride on Ride on ride on Ride on ride on There's a stop light up ahead It appears to be reading red So I stop to see Which way is best for me Many avenues go east and west Which will I choose The right or left 'cause I got no time to lose You see I must be free I'll head for the east Where I'll find peace, where I'll find peace As I pump two tune Underneath the moon Going through the night till sunrise

Soul II Soul

As I ride, as I ride on Ride on Bumpa to bumpa groovin' Ride on Bumpa to bumpa groove Ride on Bumpa to bumpa groovin' Ride on Bumpa to bumpa groove Now the journey has begun As I'm breezin' into the sun Still I wait to see Which way is best for me Many avenues go east and west Which will I choose Going forward No turning back for me I'll head for the east Where I'll find peace, where I'll find peace As I pump two tune Underneath the moon Going through the night till sunrise As I ride, as I ride on

Have you asked yourself lately Do I get enough lovin' in my life? Could you be makin' a mistake here Maybe you better think twice Do you really want to be lonely Could you use a little company Have you ever asked yourself lately Do I get enough love for me?
