

## Carved Inside

Soulfly

Carved inside - carved outside  
Scream at the sky - forever fight  
My peace of mind - I got to find  
True peace of mind - so hard to find

Now...  
I feel your soul inside  
Now...  
Carved inside

They try to bring us down  
We're growing all around  
Inside you must be free  
To find your destiny  
Lose yourself  
Find yourself  
Nothing to prove  
To nobody else

Now...  
Feel your soul inside  
Now...  
Carved inside

My life is mine  
My right is mine  
Your eyes petrified  
Fire from inside...

Carved inside - carved outside  
Feel your soul glow - in the sky...  
Let your soul now - move the world now  
Feel your soul now - let your soulfly...

You must change from  
Inside out  
You fall, we rise  
Inside out
