

# Chains

Soulfly

Master of creation  
This manipulation  
Means manifestation now...  
Fatal termination  
Divine intervention  
End the sufferation now...  
Build up tension  
Deterioration  
Killing operation now...  
Karma to burn  
Becoming undone  
Injustice is done now...

Kill... Survive... Survive to kill  
Breath and breath - The air smells diseased  
Trenches and trenches - The middle passage ending  
Bleed in... Bleed out... No one will get out

Five to one - One to five - No one gets out alive  
Master of creation - No more chains - Oppression  
Slave state - Slave hate - Feel this day of hate  
Five to one - One to five - No one gets out alive

Break the chains and break away  
Break the hate and run away  
Break the chains and face the day  
Make a way, a new dawn fades  
Stolen away, a new dawn fades  
Stolen away, empty decay  
They fade away in the slave trade  
Lord of hate, lord of fate  
I resist - Desecrate

Military dominance  
Communication ends  
Ordinary intolerance  
Chaos and insolence  
Ominous apparition  
Evil manifestation  
Malicious operation  
Corruption and tension

Slavery is misery  
Inflicting heresy  
Wounds are open endlessly  
Hatred, animosity  
Torture masks and bleeding backs  
Whipping cracks and faceless deaths  
We'll rise and we'll defy it  
And send their masters to the fire...

Destroy the chains - These are the chains of hate  
Destroy the chains - We cannot tolerate  
Destroy the chains - Where we were created  
Destroy the chains - The evil of man-made  
Destroy the chains...

The chains...
