## Intervention

Fight back Attack Let them all know that we're back Collapse Attract And feel the knife at your back Intervention - Violation Desecration - Intervention War act A fact The government will crash It's now It's dead Nobody can bring them back Intervention - Violation Desecration - Intervention Pain - Never go away Hate - Remains the same They - They will know my name Slay - The government decay Reality - The fall of morality Inner cities corrupted by greed A Roman Empire falls to their knees Intervention the only reality Pain - Never go away Hate - Remains the same They - They will know my name Slay - The government decay Now war Will fall The sky will bleed the new storm Act now For all Enter your downfall Intervention - Violation Desecration - Intervention Bloodstorm... Onslaught... Torture... Martyr...
