

## (The) March

Soulfly

Dark ages upon us  
Hate surround us  
Fear embrace us  
Tragedy behind us  
Media brainwash us  
Spirits guide us  
Weakness expose us  
Memories behind us

Journey in front of us  
Roots under us  
Strange attracts us  
Inner voice calls us  
Envy destroy us  
Music lift us  
Scars remind us  
Spark ignite us

Everything will pass on  
We must go on  
Everything will pass on  
We must go on  
It's up to us...  
It's up to us...  
It's up to us...
