

Born in America

Soulitude

Fighting for the enduring freedom
I'll bring you peace, prepare for war
Pay me cash or pay me in petrol
And sorry for the damage done

Justice and liberty, yes I am, Born In America
I'll keep your country clean 'cause I am Born In America

I'm so proud I feel so haughty
Everytime those rockets fly
When it's time for the call of duty
Bars and stars are on my side

Justice and liberty, yes I am, Born In America
I'll keep your country clean 'cause I am Born In America
