

## In Solitude

## Soulitude

I'm alone  
The world is mine  
Once so bustling  
And now so quite

Scavengers coming  
To enjoy the feast  
Am I still a man  
Or I'm a beast

Now here I stand  
Waiting, rambling  
The dominance of humans  
Has come to the end

My desperate cries for help  
Vanish like whispers  
I am the last survivor  
Over the Earth

Alone in solitude  
Roaming, drifting  
I am the last of men  
Rerieved by the Death

Now here I stand  
Waiting for nothing  
If God is everywhere  
Then why am alone
