

## She

Soulitude

Loren:

She can be merciless, she can be sweet  
She has the power to kill and to heal  
Bringer of misery, giver of life  
Nothing can escape to the gleam of her eyes

Max:

Let the wind blow and listen whispering trees  
May the waves be the guardians of oceans and seas

Marco:

Mistress of nature  
Queen of the land  
Goddess of thunder  
Storm wind and rain  
Give us your water  
Creator of life  
Embrace me in your arms  
The day when I die

Loren:

She is your master she rule your mind  
We're just toys to play with under infinite sky  
Earth mother we praise you we kneel to your might  
In your honor I offer my own sacrifice
