

## Trip to Helgnord

Soulitude

Somewhere far beyond the dunes  
In the land of ice  
Find the King Of Helgnord  
Go Masud, follow the runes  
Freedom's in your hands  
Gather all the viking clans

Wind and sun, cold and heat  
Travel through the arid sands of Dhalm  
Ice and snow, rain and storm  
Travel to the north and reach your goal

Thy command is my task  
No time for hesitation  
My mission will be over  
The way is long and risky  
I leave now, my master  
I'll give my life for Mubians liberty

We sneak between the shadows  
We cross the enemy lines  
No storm or heavy weather  
Will stop us 'til we die

Under the moons of Thralldoom  
We are creeping in the night  
Like serpents within shadows  
To avoid the Crawlilian sight
