

## Pharaoh's Chariot

Soulsavers

To thank you jealous heart I ...put you in the ground  
The driver rides the rain  
The trumpeter he sounds  
As blood is to the root,  
is ...silver to the crown  
Take it as you may  
My love has gone away

Then it all comes to nothing, ...then it all comes to nothing

To break you jealous heart I build to tear it down  
The timber from the walls  
The make up from the clown  
And dirt is to the grave  
as water to the drowned  
So long to my slave  
My wheel's beneath the waves

Then it all comes to nothing, ...the it all comes to nothing
