

# Blame You

Soulsister

Tell me  
Where did we go wrong  
Help me  
Cause I don't feel that strong  
What can I do  
But go on and on and on  
We've been a burden to each other  
For too long

I won't blame you blame you  
I won't blame you  
But all went wrong in this chilly home  
I won't blame you  
Honey, just tell me what to do

Save me  
From this jealousy  
Maybe  
I'm just too blind to see  
Those happy days  
They went one by one  
Little darlin' now we discover  
All is gone

I won't blame you blame you  
I won't blame you  
But all went wrong in this chilly home  
I won't blame you  
Honey, just tell me what to do

To tell you the truth  
I went on and on  
Kept pretendin' love was never-ending  
All along
