

# Keep On Feeding Me

Soulsister

I was a starving soul in the desert  
I was lost for a place to go  
I was trying to get myself together  
I was waiting for some light to show

I was a homeless man when you found me  
I was washed up and left alone  
With only darkness to surround me  
When you picked me up and took me home

Darling Keep on feeding me  
all your loving, night and day  
Satisfy every need in me  
I'll be yours in every way

I love the way you look in the morning  
I love the names you call me at night  
I never tire of being around you  
I just tail you like a little child

I love your blush when you get excited  
I love your language whenever we fight  
You leave me lost for words and helpless  
Then you kiss me and I know you're right

Darling Keep on feeding me  
all your loving, night and day  
Satisfy every need in me  
I'll be yours in every way

I can do without the city's pleasures  
I can do without my drinks and stuff  
But I'd rather spend my life in shackles  
Than to have to do without your love

Darling Keep on feeding me  
all your loving, night and day  
Satisfy every need in me  
I'll be yours in every way

Darling Keep on feeding me  
all your loving, night and day  
Satisfy every need in me  
I'll be yours in every way

Keep on feeding me
