

If I could only make you discover there is nothing I won't do
If only I would get a chance
To make it happen
I wanna make a promise and offer all of my love to you
As long as the sun in the sky shines a golden light upon us

For a lifetime
Forever
For a lifetime
I will go on lovin' you
In the nightttime
When the world is blue
I will be there with you
I will be there
For a lifetime

If you would ever go out and venture
And life would be talking back
Just take a break and look behind over your shoulder
I will be there to follow and lend you a lovin' and helpin' hand
As long as the stars in the sky shine a guiding light upon us

For a lifetime
Forever
For a lifetime
I will go on lovin' you
In the nightttime
When the world is blue
I will be there with you
I will be there
For a lifetime

I would stand my ground and fight for you
I would fall and get back up for you
I would gladly hurt myself for you
I would crawl if you would tell me to

I wanna make a promise and offer all of my love to you
As long as the sun in the sky shines a golden light upon us

For a lifetime
Forever
For a lifetime
I will go on lovin' you
In the nightttime
When the world is blue
I will be there with you
I will be there
For a lifetime

Forever
For a lifetime
