

# She's Gone

Soulsister

She's gone  
I am a wreck  
Tears on my pillow  
Won't get her back  
It's done  
I run from the light  
I weep like a willow  
I just wanna hide

She's gone  
And I want her back  
She's gone  
It sure is a drag

She's gone  
My life is a mess  
A deep pool of sorrow  
I need her caress  
No sun  
Shines on my face  
I'm scared of tomorrows  
I'm lost in the haze

She's gone  
And I want her back  
She's gone  
It sure is a drag

In my imagination  
I never pictured this  
It's a new sensation  
All this emptiness

She's gone  
She's gone
