

Stay

Soulsister

It's reaching the time
when the coffee gets cold
And all of our fabulous
stories are told

None of my words
have been catching the wind
But I know I could reach you
If wishes had wings

I've got no more use
for this old bag of tricks
I'm just waiting to take in
the truth from your lips

And I'm searching the shadows
for something to say
What would you do
if I asked you to

Stay Stay
If only I could find a way
to make you stay

So I reach out and pour you
the last drop of wine
If I could I would pour you
a piece of my mind

And I look to the moonlight
to show me the way
Will it tell me your secrets
Will it tell you to

Stay Stay

I hang on my hopes on every single breath
I feel you take
Is it gonna be another night
I lie awake wishing you'

Stay Stay

Everything's been said baby
I've gotta find me a way
Now listen honey
Now what would you do
if I asked you to

Stay Stay
If only I knew what to say
If only I could find a way
to make you stay
