

Whose Party Is It Anyway

Soulsister

There's a party goin' on at Bobby's place
They're in a different time and space
There is Peter, a cousin of Larry's
Tellin' all about some hot place in Paris

Ooh Yeah
All Right

Ooh Yeah
All Right
You're gonna have a good time tonight
Ooh
Everybody's got to go
Get down, come and say hello
Ooh
Everybody's got to know
You'll see Cherry and Leroy and Joe

There's a party goin' in at Bobby's place
They're tryin' the limits of the human race
Little Cora who wants to get famous
Is so drunk she don't remember what her name is

Ooh Yeah
All Right
Ooh Yeah
All Right

You're gonna have a good time tonight

Ooh
Everybody's got to go
Get down and come and say hello
Ooh
Everybody' got to know
You'll see Cherry and Leroy and Joe
