

# Wild Love Affair

Soulsister

You wonder why  
Life looks so much easier  
Every time that she's close by  
Is it her smile that makes you want to hold her  
better watch out that you don't build  
your hopes up too high

Look before you leap  
or soon you will be off  
in a Wild Love Affair  
Think of what you'll reap  
and what will be lost  
if you do set your mind  
on a Wild Love Affair

You tell yourself  
you can't control your feelings  
You lose your head  
when she's close by yeah  
And when she's there  
there's nothing more to hold you  
Better be sure of yourself  
for the stakes are real high

Look before you leap  
or soon you'll be off  
in a Wild Love Affair  
You'll be losing sleep  
You'll be worrying about  
what you did leave behind  
for a Wild Love Affair  
for a Wild Love Affair

And whenever you touch  
it's like heaven's calling  
but will it feel the same  
when the next morning comes

Look before you leap  
or soon you will be off  
in a Wild Love Affair  
Think of what you'll reap  
and what will be lost  
if you do set your mind  
on a Wild Love Affair  
on a Wild Love Affair

Look before you leap  
or soon you'll be off  
in a Wild Love Affair  
You'll be losing sleep  
You'll be worrying about  
what you did leave behind  
for a Wild Love Affair
