

# A Secret Compartment

## SoulsPELL

[Arlim - Tito Falaschi]  
The words have been spoken  
The hymn of fire  
The alliance can't be broken  
Try to decipher the signs  
Look out!

[Padyal - Jefferson Albert]  
Loyalty is the price  
We offer eternal life  
In a superior race

[The Hope - Edu Falaschi]  
You will find  
Deep down inside you mind  
I am someone who cares

[Diary - Manuela Saggioro]  
You must not read me  
With the eyes God gave you  
Dark knowledge may bring light or chaos  
From its dead roots

[Padyal - Jefferson Albert]  
Circumscribe your desires  
Virtue rules your mind  
Mysteries you will defy  
Abnegation  
Supreme sensation  
Secrets will arise

[The Hope - Edu Falaschi]  
You will find...

[Diary - Manuela Saggioro]  
You must not read me...

[Olaff - Germán Pascual]  
No truth can be shaped  
By the foolishness of men

You don't have to live  
How they tell you to

All your foolish pride  
Just makes you a fool

[Diary - Manuela Saggioro]  
You must read between the lines  
Magic will within me lies

[Ollaf - Germán Pascual]  
You must search  
The oldest tree on earth

[Diary - Manuela Saggioro]  
I will not lie

All their chances will die  
Even in disguise  
They will find  
There's no mercy to claim  
You will be betrayed  
Into the darkest place  
You'll never be the same

[The Hope - Edu Falaschi]  
You don't have to live  
Just how they tell'em to

[Dairy - Manuela Saggioro]  
It's shining in your eyes

[The Hope - Edu Falaschi]  
All your pride  
Just makes you a fool

[Dairy - Manuela Saggioro]  
Temptations will show you the truth

[The Hope - Edu Falaschi]  
Timo you don't have to go

[Dairy - Manuela Saggioro]  
So strange and so below

[The Hope - Edu Falaschi]  
You just can't wait

[The Hope - Edu Falaschi] + [Dairy - Manuela]  
As evil flows

[The Hope - Edu Falaschi]  
Find a way back  
I'll be with you

[Arlim - Tito Falaschi]  
No!
