

## The Verve

## SoulsPELL

[Judith - Daisa Munhoz]  
There are worse enemies  
Than all you face while you live  
Life goes by faster than you wish  
But that, my son, is needless to say

[Frederic - Rafael Gubert]  
I'll care 'bout you endlessly  
Just like we used to play innocently  
But it's needless to say

[Frederic - Rafael Gubert]  
Verve has left me

[Hollow - Carlos Zema]  
Your fear feeds my soul

[Frederic - Rafael Gubert]  
May I live again?

[Hollow - Carlos Zema]  
Pointless to strgggle

[Frederic - Rafael Gubert]  
verve has left me

[Hollow - Carlos Zema]  
Your existence will never last

[Frederic - Rafael Gubert]  
May I live again?

[Hollow - Carlos Zema]  
Timo you'll be next

[Judith - Daisa Munhoz]  
I'd give my heart to ease your pain  
Retentless is your dedtiny  
It's happening again

[Hollow - Carlos Zema]  
It's happening again  
Judith, you'd better pray

[Frederic - Rafael Gubert]  
Verve has left me ...

[Timo - Mário Pastore]  
To the land of light  
Left no pain behind  
Blessed us with your smile  
Judgment is divine  
I can't help but trusting you in His hands

[Frederic - Rafael Gubert]  
Humanity is the absence of all colors  
A tiny little grain in puzzle of flesh

No human being was ever conscious  
Not at all  
Finding joy in their blindness

[Judith - Daisa Munhoz]  
Finding joy in their blindness

[Frederic - Rafael Gubert]  
They'll remain untold  
Timo, our paths will soon cross again  
All I ask you now is to be brave  
Farewell, my friend  
I leave in peace

[Frederic - Rafael Gubert]  
Verve has left me ...

[Hollow - Carlos Zema]  
Oh, Timo you'll be next  
You will never last  
You will be the next  
Come on!
