## **More Than This**

Guess I had it coming Ambition is my worst vice Next thing I know Time is having it's way with me

Working hard at putting skin on baloney It all makes sense in some way I forget right now Somehow I manage to fool Myself and everyone else

That this is really just Only, maybe, only, Just the meantime Meantime

Frequent liar mileage As if I had a choice Limp to the edge of patience And let yourself fall

Wearing out mirrors All over the world I hope I can get far playing Air guitar

In the meantime Meantime There has to be more than this There has to be more than this

Somehow I manage to fool Myself and everyone else That this is really just Only, maybe, only,

Just the meantime Meantime There has to be more than this
