

# Scream

Soulwax

Like she was scream  
I try to hear  
What's in my dreams  
I gotta fear  
I cannot breathe  
Please hold me tight  
I try to feel  
Don't talk so fast

This radioactive she  
What she does to me  
Caught her inside, cuts like a knife  
She's like a scream to me

I'm not afraid  
I cannot help  
There's no disguise, no alibies  
What do I think  
I cannot say  
Something about me  
Like she was here

This radioactive she  
What she does to me  
Caught her inside, cuts like a knife  
She's like a scream to me
