

Burden In My Hand Chords

Soundgarden

1. Follow me into the desert
As thirsty as you are
Crack a smile and cut your mouth
And drown in alcohol

X: Oh no
There she goes
Out in the sunshine the sun is mine the sun is mine

R: I shot my love today would you cry for me
I lost my head again would you lie for me
I left her in the sand just a burden in my hand
I lost my head again would you cry for me

*: Just a burden in my hand
Just an anchor on my heart
Just a tumor in my head

R: I shot my love today...
