

# Tighter And Tighter

Soundgarden

1. Shadow face

Blowing smoke and talking wind  
Lost my grip  
Fell to far to start again (start again)  
A sudden snake  
Found my shapes and tells the world  
Remember this  
Remember everything is just black  
Or burning sun  
And I hope it's a sweet ride

R: Sleep tight for me  
Sleep tight for me I'm gone  
(2x)

2. Warm and sweet

Swinging from a windows ledge  
Tighter and deep  
One last sin before I'm dead (before I'm dead)  
A sucking holy wind  
Will take me from this bed tonight  
And bloody wits  
Another hits me and I have to say goodbye

R: Sleep tight for me... (3x)

\*: And I hope it's a sweet ride  
Here for me tonight  
Cause I feel I'm going  
Feel I'm slowing down

(Solo)

R: Sleep tight for me... (6x)

\*: And I hope it's a sweet ride...
