

Cover Boy

Southpaw

My name is cover boy
I was made to be your toy
You can stick me on your wall

You know my face from the magazines
Commercials and tv screens
I've got no problem at all

My name is cover boy
I search and I destroy
Every sense of human art

I am the king of V.I.P
They give me drinks for free
Girls get wet
And boys get hard
When I'm around
