

All The Way Home

Southside Johnny & The Asbury Jukes

I know what it's like to have failed, baby
With the whole world lookin' on
I know what it's like to have been so sure
And to wake up and find it all gone
Now you've got no reason, no reason to trust me
And tonight my confidence is a little rusty
It's getting late and if you don't feel like leavin' alone
Well maybe I can walk you, baby
All the way home

Our old fears and failures
Well they do linger, oh yes they do
Like the shadow of that ring
That was on your finger
Well those days darling
All those days are dead and gone
Oh I could walk you, baby
All the way home

Now there's things no one can rearrange
We both have yesterdays that we can't change

It's closing time, bartender's ringing last call
These days I don't stand on pride
And I've learned how to take a fall
Now the time has come
And if your first choice, he's gone
Well that's alright, baby
'Cause I can walk you all the way home
All the way home
I'll walk you all the way home
All the way home
