

First Night

Southside Johnny & The Asbury Jukes

Last night you were so wonderful
Well, you turned my whole world around
And I, I just want to say, baby
You make me, you make me feel

Like I'm in love for the first time
You don't know, you don't know what I'm going through
And I long for you to tell me, honey,
Tell me that you love me too

First night, we spent together
First night, in love forever
So right, I'll always remember the first night

One look in your eyes and you sold me
Now see what your magic has done
One night in your arms and you told me
Baby, you, I know you are the one

I'm in love for the first time
You don't know, you don't know what I'm going through
And I long for you to tell me, honey tell me,
That you love me too

First night we spent together
First night, in love forever
So right, I'll always remember the first night
