

Kill My Love

Southside Johnny & The Asbury Jukes

Every night, ain't nothing new
Don't know where you are, woman
But I know what you're up to
You're doing wrong, baby
Swear by stars above
You're gonna kill my love
You're gonna kill my love

I work so hard
Do the best I can
Laugh in my face
Call me your shadow man
Some day, baby
I'll have had enough
You're gonna kill my love
You're gonna kill my love

Last time, baby
I beg you to change your ways
Trouble's comin'
It's just a matter of days
That's all, baby
This is my last appeal
May not be pretty
But I swear to god it's real
Soon now, baby
Push will come to shove
I'm gonna kill my love
I'm gonna kill my love
