

Messin' Round With The Blues

Southside Johnny & The Asbury Jukes

I'm feeling low down
I act like a clown
I really don't know
What to do, what to do
Feeling so blue
Just thinking of you
You told me one day
We were through, we were through
Losing my mind
Just messin' around with the blues

With you on my mind
I'm blue all the time
I wonder just where
You can be, you can be
If you only knew
What I'm going through
You'd hurry back home
Can't you see
Losing my mind
Just messin' around with the blues

It's funny but true
What people will do
They tell me each day
Let her go, just let her go
But I couldn't hide
Even if I tried
I love her so much
Don't you know, don't you know
Losing my mind
Just messin' around with the blues
