

# Ride The Night Away

Southside Johnny & The Asbury Jukes

I got something, baby, on my mind  
Well, it's tearing me up inside  
I've got to let it loose tonight

I know you can feel what I'm going through  
Everybody telling me what to do  
Well I need somebody to talk to

I'm different, I can feel the changes  
But I can't turn back the pages  
And our hearts are all we have to save us  
Somebody save me tonight

We're gonna ride the night away  
We're gonna ride the night away  
Well there ain't no time left to borrow  
I guess we'll have to think about it tomorrow  
'Cause tonight we're gonna ride the night away

I got a gun pointing at my head  
And I put it there by myself  
Can't ask you, but I need some help

I got a fire burning in my soul  
I'm dangerous and out of control  
And tonight I've got to let it go

I can't look back ,baby, I've tried  
It's too late for me to compromise  
Well I need somebody by my side  
Come on with me tonight

We're gonna ride the night away  
We're gonna ride the night away  
Well there ain't no time left to borrow  
I guess we'll have to think about it tomorrow  
'Cause tonight we're gonna ride the night away

I can't look back ,baby, I've tried  
It's too late for me to compromise  
Well I need somebody by my side  
Come on with me tonight

We're gonna ride the night away  
Come on, baby  
We're gonna ride the night away  
Well there ain't no time left to borrow  
I guess we'll have to think about it tomorrow  
'Cause tonight we're gonna ride the night away
