

Sinful

Southside Johnny & The Asbury Jukes

Well, it's sinful baby the way you look tonight
Well, it's sinful baby the way you look tonight
You may be on the road to ruin darling,
But you're sure doing something right

It's sinful all those things you do to me
It's sinful all those things you do to me
I don't have a prayer now darling
May the good lord forgive me

Might be sinful, but it sure feels good to me
Might be sinful, but it sure feels good to me
If the devil tried to warn me
I still could not let you be
