Tell Me Lies

Southside Johnny & The Asbury Jukes

```
I don't need
Any descriptions
Baby just kiss my lips
Don't say anything

Girl... get on home
You're gonna give me all of your love
I don't need to know
The bad things that you've done

I know you feel that you've got to tell me
And get it of your mind
But just this once baby... think of me
Forget the truth...

Tell me lies
Tell me lies
Lies, lies
Tell me lies

I'm not asking for any proof
Just carry that burden inside, inside
Baby, dishonesty is your best policy

I know you feel that ya got to tell me
And get it off your mind
But just this once, baby, think of me
Forget the truth...

Tell me lies
Tell me lies
Lies, lies
Tell me lies

It hurts so bad when love fails
Getting tangled up in the details
Whoa-oa-oa I don't want to know

I need all the love you give
Keep your secret and let me live
I don't need the truth to survive

Tell me lies
Tell me lies
Tell me lies
Tell me lies
```
