

Why Is Love Such A Sacrifice

Southside Johnny & The Asbury Jukes

Here I am once again giving everything that I have
Wrapped up in a love and just getting out of the last
There's gotta be somebody who will always be there and pull you
out

Love is a full time job that you can't live without

You take your faith and you put it in me
I open my heart, I give you the key
You build up trust by stripping down pride
To get to the truth, you got to clear the way

Why is love such a sacrifice?
Why is love such a sacrifice?

In the school of love, everyday there's a test
Is it better or worse or just the same as all the rest?

It can be so hot it can burn through your life
It's the only sure way through bad times and strife
It's no fun alone, so everybody wants it
The cost is high but you'll pay the price

Why is love such a sacrifice?
Why is love such a sacrifice?
