

## Down To The River

Space Ghost

I'm going down to the river  
Honey, that's where I'll be  
Gonna hold my nose and jump right in  
'Cause you don't care 'bout me  
Take me to the river  
Where the water's dark and deep  
I'll be down where the fishes sleep  
'Cause you don't care 'bout me  
You don't care 'bout me  
You don't care 'bout me  
Going to the river take a dip  
'Cause, baby, you just don't give a flip  
(Breaks out into some scat)  
(Breaks out into some scat)  
I changed my mind 'bout the river  
I ain'ta gonna jump right in  
Gonna go out tonight where the lights are bright  
And find a new girlfriend  
And we'll go down to the river  
And you know I'll jump for joy  
When she looks at me with those great big eyes and says,  
"Zorak, you're my boy."  
(Still scattin')
